

Comprehensive Skills Assessment

*Know exactly where your child stands —
and what comes next.*

A detailed, one-on-one assessment that identifies precisely which skills are secure, which are developing, and which need attention. You receive a clear results report with specific findings and recommended next steps — not just a score.

ELA Assessment

- Foundational reading and decoding
- Spelling and conventions
- Oral reading fluency
- Vocabulary and word parts
- Reading comprehension
- Independent writing

Six domains, each classified independently.

Math Assessment

- Place value and operations
- Fractions
- Decimals, percents, and proportions
- Integers and rational numbers
- Expressions, equations, and functions
- Geometry, measurement, and data

Seven books, grades 2 through algebra readiness.

HOW IT WORKS

1. Schedule

Contact us to book your assessment. Choose ELA, Math, or both.

2. Assess

Up to two one-hour sessions, administered one-on-one in a calm, low-pressure setting. Most sections have no time limits. If additional sessions are needed, those are available for an additional fee.

3. Results

Within one week, your detailed results report and recommended next steps are delivered via email.

What You Receive

- Complete domain-by-domain (ELA) or skill-by-skill (Math) results
- Each area classified as Secure, Targeted Support, or Structured Instruction
- Specific skills to address, drawn directly from your child's results
- Recommended next steps tailored to the pattern the results show

Investment

\$150 per subject area

Includes assessment sessions and detailed results report delivered via email.

Optional results review meeting if desired (Zoom or in person):

\$75

Parent-Administered Assessment Packs

Prefer to assess at home, on your own schedule? Our complete assessment packs are available for purchase and include everything you need to administer, score, and interpret the assessment yourself.

- Student pages, printed and ready to use
- Detailed answer keys and scoring guides
- Results interpretation with recommended next steps
